Thanks to the CE certification, introduced by the Decision 93/465/CEE, all our products comply with the safety requirements of the European directives and regulations.

FCC certifies that the electromagnetic interference from the device is under limits approved by the Federal Communications Commission.

E-MARK certification attests the existence of the documents necessary to prove the security requirements requested by the European Union (included E8 and E9).

Based on the technical construction files, our products meet the requirements of the Electromagnetic Compatibility Directive 2014/30/EU.

Our products comply with the Directive 2002/96/EC on the WEEE "Waste of electric and electronic equipment" which regulates their collection, recycling and recovery.

MEZZI AGRICOLI, EDILIZIA, MOVIMENTO TERRA

Trattori, mietitrebbia, pale gommate, caricatori posteriori, escavatori, pale e terne, dumper, ribaltabili, sollevatori.

AGRICULTURAL, CONSTRUCTION, EARTH-MOVING VEHICLES

Tractors, harvesters, wheeled loaders, excavators, tracked loaders, dumpers, dump trucks, lifts.

VEHÍCULOS AGRÍCOLAS, CONSTRUCCIÓN, MOVIMIENTO DE TIERRA

Tractores, cosechadoras, palas cargadoras, excavadoras, palas y retrocargadoras, volquetes, camiones volquetes, elevadores.

Vehicle Security Vision è parte integrante dell'attività di ZEAT srl. Un'azienda fondata nel 1978, attiva in Italia e in Europa, leader nella distribuzione di accessori per veicoli. Nello specifico, l'acronimo VSV identifica il ramo d'azienda specializzato nella distribuzione di sistemi audio-visivi per la sicurezza da applicare su tutti i tipi di veicoli e di macchine operatrici.

Il nostro obiettivo primario è la **sicurezza**. Con il passare degli anni, l'attenzione verso la sicurezza sul lavoro ha assunto un ruolo sempre più importante in relazione ai veicoli operanti nel settore dell'agricoltura, dell'edilizia, della distribuzione e del trasporto (merci/persona). Ognuno di questi veicoli effettua delle manovre che, in mancanza di un'adeguata strumentazione audio-visiva, possono risultare pericolose e causare incidenti anche mortali.

La nostra azienda segue costantemente lo sviluppo sul tema della sicurezza e offre una soluzione adeguata per **migliorare la visibilità** e ridurre/eliminare gli angoli ciechi durante le manovre. Potete scegliere la soluzione più adatta alle vostre esigenze, grazie all'ampia gamma di sistemi specifici, oppure potete selezionare i singoli componenti personalizzando il vostro sistema. Puntiamo ad offrire un'elevata qualità dei materiali ed un servizio sempre accurato ed affidabile. Tutto ciò è reso possibile grazie all'attenzione che quotidianamente prestiamo allo sviluppo del mercato e all'introduzione nello stesso di prodotti innovativi e tecnologicamente all'avanguardia.

All images are included for illustrative purposes. Product may differ from images shown.

Vehicle Security Vision is an integral part of the ZEAT srl activity. A company founded in 1978, operating in Italy and in Europe, leader in the distribution of vehicle accessories. Specifically, the acronym VSV identifies the business unit specialized in the distribution of audio-visual systems for the security to be applied on all types of vehicles and work vehicles.

Our main objective is the **security**. Over the years, the focus on job security has assumed an increasingly important role in relation to vehicles operating in the agricultural, construction, distribution and transport (goods/people) sectors. The maneuvers of each of these vehicles, in the absence of adequate audio-visual equipment, can be dangerous and cause of fatal accidents.

Our company constantly follows the development of the security and offers a suitable solution **to improve the visibility** and to reduce/eliminate the blind spots during maneuvers. You can choose the solution that best suits your needs, thanks to the wide range of specific systems, or you can select the individual components by customizing your system. We aim to offer high quality materials and a service that is always accurate and reliable. This is made possible by the attention we give every day to the development of the market and to the introduction of innovative and technologically advanced products.

Vehicle Security Vision es una parte integrante de la actividad de ZEAT srl. Una empresa fundada en 1978, activa en Italia y en Europa, líder en la distribución de accesorios para vehículos. Específicamente, el acrónimo VSV identifica la actividad de negocio especializada en la distribución de sistemas audiovisual para la seguridad en cada tipo de vehículo .

Nuestro objetivo principal es la **seguridad**. Con los años, el enfoque de la seguridad en el trabajo ha asumido un rol cada vez más importante en relación a los vehículos que operan en los sectores de la agricultura, la construcción, la distribución y el transporte de (bienes / personas). Cada uno de estos vehículos realiza maniobras que, en ausencia de equipos audiovisuales adecuados, pueden ser peligrosas y causar accidentes mortales.

Nuestra empresa sigue constantemente el desarrollo sobre el tema de la seguridad y ofrece una solución adecuada para **aumentar la visibilidad** y para reducir/eliminar los puntos ciegos durante las maniobras. Puede elegir la solución que mejor se adapte a sus necesidades, gracias a la amplia gama de sistemas específicos, o puede seleccionar los componentes individuales personalizando su sistema.

Nuestro objetivo es ofrecer materiales de alta calidad y un servicio que sea siempre preciso y confiable. Todo esto es posible gracias a la atención que prestamos todos los días a la evolución del mercado y a la introducción de productos innovadores y tecnológicamente avanzados.

KIT VISIONE 360° VISION KIT 360°

Vehicle zoom camera
ZVPTZ01 - ZVCB02

KZVPTZ01

VEHICLE ZOOM CAMERA con funzione di visione notturna. È la soluzione ideale per veicoli blindati, veicoli militari e mezzi pesanti con allestimenti specifici. Il kit è composto dalla zoom camera (ZVPTZ01) e dalla Display Keyboard Controller (ZVBC02). Si consiglia di abbinarlo ad un monitor 7".

VEHICLE ZOOM CAMERA with night vision function. It is the ideal solution for armored vehicles, military vehicles and heavy vehicles with specific equipment. The kit includes the zoom camera (ZVPTZ01) and the Display Keyboard Controller (ZVBC02). It is recommended to pair it with a 7" monitor.

VEHICLE ZOOM CAMERA con función de visión nocturna. Es la solución ideal para vehículos blindados, vehículos militares y vehículos pesados con equipamiento específico. El kit consiste en la zoom cámara (ZVPTZ01) y el Display Keyboard Controller (ZVBC02). Se recomienda emparejarlo con un monitor de 7".

Infrared night vision	>100 meters IR illuminator and auto wiper equipped
Feature	Humanize design; easy installation & maintenance
Temperature	-40°+60°
Protection grade	IP66, with wiper
Built-in	TVS4000V thunder-proof, surge-proof and wave-proof
Angle	360° continuously rotation , upward angle (+90°, -90°), no spot
Scan	4 scan, support scan between left and right limite at an appointed speed
Park action function	Can auto-call presets or start-up tour, pattern and scan a after the dome
Motion detecting tracking function	With virtual alarm linetrigger function
High resolution	324x day/night camera with wiper assisted
Multiple protocols	(Pelco D, Pelco P)
Menu	OSD, privacy masking, day/night, WDR SensUp DSS (refer to belowcamera table)
Preset	128 preset , 6 cruising tracks, 16 preset each track, 4 alarms in 1 out (subject to 24V AC power)
Pan speed	Is 0 to 240 varispeed, 45 seconds pattern memory, RS485 communication
Vehicle power	12V DC input, shuttle scan enabled

Blue Screen LCD Screen Display Keyboard Controller

The keyboard controller with blue screen LCD screen display, all metal shell, streamlined design, mechanical buttons, three-dimensional variable speed rocker. It is used for terminal receivers such as the intelligent speed dome etc. It is very easy for operating and setting the speed dome camera. The controller is also to control the terminal receiver to achieve the function of controlling pan/tilt, lens and etc.

PTZ ZOOM CAMERA con funzione di visione notturna. È la soluzione ideale per veicoli blindati, veicoli militari e mezzi pesanti con allestimenti specifici. Il kit è composto dalla zoom camera (ZVPTZ01) e dalla Display Keyboard Controller (ZVCB02). Si consiglia di abbinarlo ad un monitor 7”.

PTZ ZOOM CAMERA with night vision function. It is the ideal solution for armored vehicles, military vehicles and heavy vehicles with specific equipment. The kit includes the zoom camera (ZVPTZ01) and the Display Keyboard Controller (ZVCB02). It is recommended to pair it with a 7” monitor.

PTZ ZOOM CAMERA con función de visión nocturna. Es la solución ideal para vehículos blindados, vehículos militares y vehículos pesados con equipamiento específico. El kit consiste en la zoom cámara (ZVPTZ01) y el Display Keyboard Controller (ZVCB02). Se recomienda emparejarlo con un monitor de 7”.

High-strength casting cover	Anti-shocking, corrosion-proof, IP68
Rating impact load	3.4g accelerate
Built-in zoom camera	Decoder, integrated structure, smart outline, pan 360° continuously
Upward angle	[+90 to -30°], no spot
All-weather environmental design	-40 to +60°C
Presets 128 presets (titles can be set), tour is based on presets, speed and park time of presets can be set	
Can set and presets	Tour, scan, pattern, camera mode and display name and more
Zones and Pattern	8 programmable zones, 4 pattern and each record time is not less than 180 seconds
Scan	4 scan, support scan between left and right limit at an appointed speed
Park action function	Can auto-call presets or start-up tour, pattern and scan after dome
Display function	Pan/tilt position and zoom
Input/Output	7 alarm input, 2 alarm output
Privacy masking zone	Can set a masking frame to protect privacy on a private zone displaying on screen
Communication	RS485
Multi-protocols / fully compatible with Pelco-D, Pelco-P, Kalatel, Vicon, Bosch (Philips), Sensornet, AD, VIDO B02	
Lightning-proof protection for video, power access terminal are designed with 2 to 3 protection grade	
Built-in	SONY FCB-EX980C/CP, 26X Optical, 12X Digital, Day/Night, Color:0.7Lux
B/W and lens	B/W:0.01Lux, 480TVL,3.5-91mm lense
Infrared night vision	100 meters IR illuminator and auto wiper equipped

KIT VISIONE BUS

BUS SURROUNDING VIEW SYSTEM

ZV-360S

ZV-360S

360 Bus Surrounding View System.

Questo sistema utilizza contemporaneamente le immagini che arrivano da quattro telecamere grandangolari installate nella parte anteriore / posteriore / sinistra / destra del veicolo. Dopo che l'immagine è stata elaborata dal software, viene formata una vista panoramica a 360 gradi trasmessa direttamente sul monitor collegato al kit. Si consiglia un monitor da 7" o da 5".

360 Bus Surrounding View System.

This system can collect the video image all around the vehicle simultaneously by four wide angle field cameras installed in the front/back/left/right part of the vehicle. After the image is processed, split and jointed by the image software, a 360 degree's panoramic plan view is formed and is timely transmitted to the display (suggested 5" or 7") equipment on the center console.

360 Bus Surrounding View System.

Este sistema utiliza simultáneamente imágenes que provienen de cuatro cámaras gran angular instaladas en la parte delantera / trasera / izquierda / derecha del vehículo. Una vez que el software ha procesado la imagen, se transmite una vista panorámica de 360 grados directamente al monitor conectado al kit. Recomendamos un monitor de 7" o 5".

Feature	360degree Bird view system for heavy duty
CPU	NEXPERIA vicaro2

IR light	YES (two IR-3)
Water Proof	GB-IP69
Operating Temperature	-30°C---+80°C
Operating Temperature	-20°C to +70°C

ZV-AHDBSDVR04

• SD & AHD 720P HD, SD Card Mobile DVR Support 2x256Gb SD Card.

Dispositivo che consente di registrare tutte le immagini che vengono riprese dalle telecamere installate sul veicolo. HD, connettore 4P, sensore di forza G incorporato, 12-24v, cavi trigger, 4 canali. Può supportare fino a 2 schede SD da 256 Gb ciascuna. È dotato di processore e sistema operativo integrati, registra dati di grandi dimensioni e utilizza tecnologie TCP/IP. Dotato di una speciale tecnologia anti-shock. È disponibile in tre differenti versioni, che possono integrare anche GPS per georeferenziare gli eventi, modem 3G/4G per la comunicazione remota o Wi Fi per accesso e backup on site.

• SD & AHD 720P HD, SD Card Mobile DVR Support 2x256Gb SD Card.

Device that allows you to record all the images that are taken by the cameras installed on the vehicle. HD, 4P connector, built-in G-force sensor, 12-24v, trigger cables, 4 channels. It can support up to 2 SD cards (2x256Gb). It is equipped with an integrated processor and operating system, records large data and uses TCP/IP technologies. Equipped with a special anti-shock technology. It is available in three different versions, which can also integrate GPS for geo-referenced events, 3G / 4G modem for remote communication or Wi Fi for access and on-site backup.

Additional versions:

ZV-AHDBSDVR04N
Built-in GPS with a 3G/4G radio.

• SD & AHD 720P HD, SD Card Mobile DVR Support 2x256Gb SD Card.

Dispositivo que permite grabar todas las imágenes tomadas por las cámaras instaladas en el vehículo. HD, conector 4P, sensor de fuerza G incorporado, 12-24v, cables trigger, 4 channels. Puede admitir hasta 2 SD card de 256 Gb cada una. Está equipado con un procesador y sistema operativo integrados, registra datos de gran tamaño y utiliza tecnologías TCP/IP. Equipado con una tecnología especial antichoque. Está disponible en tres versiones diferentes, que también pueden integrar GPS para eventos georreferenciados, módem 3G / 4G para comunicación remota o Wi Fi para acceso y respaldo en el sitio.

ZV-AHDBSDVR04NW
Built-in GPS with Wi-Fi and a 3G/4G radio.

Operating system: Embedded Linux Operating System

Memory Media: HDD ,SD card

Video compression: H.264

USB interface: 4 USB 2.0 interface; 1 USB 1.1 interface

Power: DC 6-36V Input, DC 5V/2A 12V/2A output

Wireless interface: Support 3G/4G/WIFI

Backup type: Network backup, USB backup

Option: GPS

ZV-AHD808

• **8 Channel Digital Video Recorder.** Dispositivo che consente di registrare tutte le immagini che vengono riprese dalle telecamere installate sul veicolo. HD, connettore 4P, sensore di forza G incorporato, 12-24v, cavi trigger, 8 canali. Può supportare 1 scheda SD (fino a 128 Gb) e un Hard Disk (fino a 2Tb). È dotato di processore e sistema operativo integrati, registra dati di grandi dimensioni e utilizza tecnologie TCP/IP. Dotato di una speciale tecnologia anti-shock. Audio e video compression/decompression. È disponibile in tre differenti versioni, che possono integrare anche GPS per georeferenziare gli eventi, modem 3G/4G per la comunicazione remota o Wi-Fi per accesso e backup on site.

ZVCRD02

- **Videocamera per l'acquisizione di immagini**, applicabile sul parabrezza dei veicoli al fine di registrare gli eventi che accadono all'esterno della vettura nella direzione in cui tale dispositivo è rivolto. Dotata di sensori di gravità, microfono, connessione Wi-Fi e GPS. Grazie all'APP dedicata ("Dashguard" disponibile su piattaforme IOS/Android) e al software "GVP player interface", è possibile visualizzare i tracciati percorsi, visualizzare in realtime le riprese, registrare e gestire i video.
- **Camera that can be used on vehicle windshields** in order to record events occurring outside the vehicle in the direction in which the device is facing. Equipped with gravity sensors, microphone, Wi-Fi connection and GPS. Thanks to the dedicated APP ("Dashguard" available on IOS / Android platforms) and to the software "GVP player interface", it is possible to view the paths traced, realtime view, record and manage videos.
- **Cámara para adquisición de imágenes**, aplicable a parabrisas de vehículos con el fin de registrar eventos que ocurren fuera del vehículo en la dirección a la que apunta el dispositivo. Equipado con sensores de gravedad, micrófono, conexión Wi-Fi y GPS. Gracias a la aplicación dedicada "Dashguard" (disponible en las plataformas IOS / Android) y al software "GVP player interface", es posible ver las rutas trazadas, ver imágenes en tiempo real, grabar y manejar videos.

Support car charger and car power supply, compatible with 5-30V voltage.

Sony high-performance CMOS image sensor makes image clear and excellent night vision effect.

Wide angle lens, anti-distortion, high brightness.

Support 4 - 128G high-speed TF memory card.

Support 2-CH AV output, video can be connected with third-party AV input display device.

With a lock card, protection card, protection file.

Can be rotated 360 degrees, the angle can be adjustable for your optional.

Wi-Fi wireless connection, 1080P online play smoothly, preview, download video without consumption of traffic.

MOV video format, H.264 high compression video encoding, smaller images, the picture clearer, more smooth video.

Using wide dynamic (WDR) software algorithm, Dark and Light effect, restore the effect of realistic.

Can support both front and rear 1080P video, the Recording video will be dual wrote to TF memory card.

APP support ios/android system, completely for free, automatic reminder for updating APP ("DASHGUARD").

Automatically record when the car is powered on, delayed automatic shutdown to save data when stalled.

Car power supply support parking guard, stand by 24 hours to guard your car when stai led.

Built-in G-Sensor three-axis stereo collision acceleration sensor, lock the key image.

Built-in high sensitivity MIC, can be free to open or close the recording.

Built-in high-quality GPS, automatic update the time simultaneously, record driving track, support login Google Maps on PC to playback the driving track.

- **Videocamera per l'acquisizione di immagini**, applicabile sul parabrezza dei veicoli al fine di registrare gli eventi che accadono all'esterno della vettura nella direzione in cui tale dispositivo è rivolto. Dotata di sensori di gravità, microfono, connessione Wi-Fi. Grazie all'APP dedicata è possibile visualizzare i tracciati percorsi, visualizzare in realtime le riprese, registrare e gestire i video.
- **Camera that can be used on vehicle windshields** in order to record events occurring outside the vehicle in the direction in which the device is facing. Equipped with gravity sensors, microphone, and Wi-Fi connection. Thanks to the dedicated APP it is possible to view the paths traced, realtime view, record and manage videos.
- **Cámara para adquisición de imágenes**, aplicable a parabrisas de vehículos con el fin de registrar eventos que ocurren fuera del vehículo en la dirección a la que apunta el dispositivo. Equipado con sensores de gravedad, micrófono, conexión Wi-Fi. Gracias a la aplicación dedicada es posible ver las rutas trazadas, ver imágenes en tiempo real, grabar y manejar videos.

KIT ESPECÍFICO 3RD Brake Light Camera
para Opel Vivaro / Renault Traffic
--- current

Image Type	1/3" CMOS
Night vision	Without IR lamp
TV System	PAL
Lens Angle (Deg.)	170 degree
IP Rating	IP69K
Vibration Rate	10G
Connector	4P BMW to 4P lock connector
Effective Pixels	N: 510x492 pixels P: 500x582 pixels
Horizontal Resolution	700TVL
B.L.C	Back light Compensation (Auto)
White Balance	Auto White Balance (Auto)
Minimum Illumination	0Lux (LED ON)
S/N Ratio	>48dB
Electronic Shutter	1/60~1/100,000 Sec
Power consumption	<3W
Built-in Lens	f: 2.8mm
Power Consumption	DC 12V (+/-10%)
Operation Temperature	-30°C~+70°C.RH95% Max
Storage Temperature	-40°C~+80°C.RH95% Max
Certificate	FCC, CE, E-mark, TS16949, RoHS

Monitor	7" rear view mirror monitor
Connector	4P or RVC connector
Image	16:9 image
Color system(Deg.)	PAL
Effective Pixels	510*492 pixels P: 500*582 pixels
Brightness	200cd/m2
Power requirement	12v
Power consumption	5W
Dimension	261 (L) x 177 (W) x 70 (D)
Certificate	CE,EMC,FCC,E8

ZV-MNC01

- **Mini Size Car Camera.** Applicabile su tutti i tipi di veicoli. Angolo di campo ampio 170 gradi. Questa videocamera può essere montata sul lato del veicolo come telecamera laterale o sul retro di un veicolo come telecamera posteriore.
- **Mini Size Car Camera.** For all kind of vehicles. 170 degree wide range angle. This camera can mount either to the side of the vehicle as a side camera or on the back of a vehicle as a backup camera.
- **Aplicable en todo tipo de vehículos.** Ángulo de campo amplio de 170 grados. Esta cámara se puede montar en el lado del vehículo como una cámara lateral o en la parte posterior de un vehículo como cámara de visión trasera.

Feature: Universal mini camera
Image Type: CMOS
TV System: PAL
IP Rating: IP69K
Vibration Rate: 10G
Effective Pixels: N: 510*492 pixels P: 500*582 pixels
Horizontal Resolution: 420TVL/700TVL
Video Output: 1.0vp-p, 750hm
B.L.C: Back light Compensation (Auto)

White Balance: Auto White Balance (Auto)
Minimum Illumination: 0Lux (LED ON)
S/N Ratio: \geq 48dB
Electronic Shutter: 1/60-1/100,000 Sec
Built-in Lens: f: 2.8mm
Power Consumption: DC 12V (+/-10%)
Lens Angle (Deg.): 170°
Operation Temperature: -30°C~+70°C.RH95% Max
Storage Temperature: -40°C~+80°C.RH95% Max

KEYBOARD CONTROLLER

ZV-CB02

- **Blue Screen LCD Screen Display Keyboard Controller.**

AUTO: To control auto-horizontal rotation for Pan/Tilt

LENS CTRL SWITCH: To select the following function è IRIS / FOCUS / ZOOM

IRIS OPEN / FOCUS NEAR / ZOOM WIDE: to execute the function which [LENS CTRL SWITCH] selected: IRIS OPEN / FOCUS NEAR / ZOOM WIDE

IRIS CLOSE / FOCUS FAR / ZOOM TELE: to execute the function which [LENS CTRL SWITCH] selected: iris close, focus far, zoom tele

ON/MENU: Switch on the setting of function./OSD MENU

OFF: Switch off the setting of function

SHOT: To call cruising track

CAM/ID: Select address of the intelligent Speed Dome

CLEAR: To clear inputted data

0-9: Number key

Enter: To confirm

Power supply: DC 12V

AVVISATORI ACUSTICI - AUDIBLE WARNING DEVICES

ZVAV51967

- AVVISATORE ACUSTICO 12V-80V
- AUDIBLE WARNING DEVICE 12V-80V
- DISPOSITIVO DE AVISO ACUSTICO 12V-80V

12 - 80V DC - 97db

Resistant to weather conditions

Possibility of washing with high pressure water

Protected with polarity inversion

Sealed with epoxy resin

Operation Temp -30° a 70° C

Circular Design

CABLAGGI - CABLES

ZVTC7P

Extension cable monitor/camera for Truck & Trailer (monitor cable 5mt. - camera cable 20 mt.)

ZV6PTC20

Dual lens camera 20M extension cable - 6P din connector - 2pcs 4P female connector

ZVTPCA8

8m 4pin Extension cable

ZVTC10

10m 4pin Extension cable

ZVTC15

15m 4pin Extension cable

ZVTC20

20m 4pin Extension cable

ZVAY48F

Socket 4 pin → RCA plug + DC socket

ZVA15RD

Plug 4 pin → RCA plug + DC socket

ZVAC16

Adaptor cable for to display 1 real time camera feed into 2 monitors - one end male connector for camera, two female ends for monitors

ZVAC78

4Pin male connector to 3.5m Jack adaptor

ZVAC79

4Pin male connector to 4PIN-“MAN” adaptor

ZVAC53

4Pin male connector to RCA male connector + red & black wire

ZVAY48M

4P male lead to
1 Yellow male RCA for Video
1 White male RCA for Audio
1 Black female DC connector

ZVA15RD

4P male lead to
1 Yellow male RCA for Video
1 White male RCA for Audio
1 Black female DC connector

ZVAY48F

4P female connector to
1 Yellow female RCA for Video
1 White female RCA for Audio
1 Black female DC connector

ZVAC70

4P female connector to
1 Yellow male RCA for Video
1 White male RCA for Audio
1 Black female DC connector
